### MAINTENANCE WORKER I

#### **DEFINITION**

Under direct supervision, performs a variety of unskilled and semi-skilled tasks in the cleaning and maintenance of the City's infrastructure, typically in and around City streets, facilities, the harbor or other assigned areas; performs maintenance and repair of landscaped areas, parks, cemetery and public facilities; provides support to various public works tasks and projects; uses and operates a variety of manual and light power tools; and performs related work as required.

#### **SUPERVISION RECEIVED AND EXERCISED**

Receives direction from a Lead Worker or other supervisory staff. Exercises no direct supervision of staff. May provide guidance to seasonal workers.

#### **CLASS CHARACTERISTICS**

This is the entry-level class in the public works maintenance series. Initially, under close supervision with a focus on cleaning and maintenance of streets and the harbor, or other assigned area, incumbents with basic maintenance experience learn City infrastructure, systems, and facilities, use of tools and equipment, and a variety of practices and procedures. Positions at this level, depending on assignment, periodically perform selected duties of the II level, but are not expected to function at the same skill level. The Maintenance Worker I usually exercises less independent discretion and judgment in matters related to work procedures and methods. Work is usually supervised while in progress and fits an established structure or pattern. Since the
